WE SERVE YOU

Meeting business goals requires overcoming many obstacles, from increasing costs to changing regulatory and tax environments. To succeed, manufacturing and distribution companies need a trusted advisor who understands the industry and has the tax and accounting expertise to help them plan for and capitalize on opportunities. We build long-lasting relationships with clients because we understand the industry and its unique needs and can offer timely, proactive advice. Since 1921, Olsen Thielen has been committed to building strong relationships with clients and earning their trust. Our clients appreciate the fact that we are large enough to provide them with full-service expertise, yet small enough to provide them with timely, personalized service. We offer a wide range of strategic solutions to make your company more efficient, competitive, and profitable.

INDUSTRY EXPERTISE

Olsen Thielen serves a diverse set of industries in the following specialized areas:

- Metal fabrication, machining, and stamping
- Food, textile, wood, and chemical
- Electronic components and software
- Industrial and commercial machinery

SERVICES FOR THE MANUFACTURING AND DISTRIBUTION INDUSTRY

Olsen Thielen's services for the manufacturing and distribution industry aim to help you reduce operating costs and maximize return on investments. We understand many things make your industry unique, including reducing taxes, multi-state tax issues, and cost pressures. Some of the specialized services we offer are:

- Proactive tax planning to reduce taxes
- Financial statement audits, reviews, or compilations
- Internal controls assessments and analysis
- Research and development credits
- Tax incentives for foreign sales
- Cost analysis, inventory pricing, forecasting, and budgeting
- Business valuations
- Retirement plans and employee benefits
- Ownership succession and exit planning
- Mergers and acquisitions
- Estate planning
- Fraud and forensic accounting
