

Accounting For DENTAL PRACTICES

Industry Expertise

Our dental industry specialists help practices stay compliant, run efficiently, and grow profitability—offering expert advice and planning support every step of the way.

Supporting a Range of Practices

- Dentists and dental offices
- Orthodontic clinic practices
- Oral surgery and sub-specialty
- Multi-owner general dental groups
- Start-ups
- And more

Expertise That Drives Results

Dental practices face unique challenges, balancing patient care with business operations, managing resources, staying financially strong, and meeting compliance requirements. Olsen Thielen understands the dental industry and builds lasting partnerships to help practices navigate these demands effectively.

With over 100 years of experience, we've supported dental professionals across the Midwest with practical guidance and deep industry insight. Our involvement in healthcare-related organizations gives us a clear view of the pressures dental practices face, allowing us to deliver tailored, results-driven support.

More Than Just Tax & Accounting

- Entity selection
- Tax prep & planning
- Financial statements
- Bookkeeping & reporting
- Deferred compensation
- Succession planning
- Compensation planning
- Retirement & benefits
- Practice purchase/sale
- Buy-sell planning
- Business valuations
- Client Advisory Services

"The Olsen Thielen team provided us with the direction we needed to move forward in a successful business operation now and into the future."

Jared J Gustafson, DDS
Gustafson Family and Implant Dentistry
