

Accounting For TELECOMMUNICATIONS

"We are so glad that we made the switch to work with Olsen Thielen. Their knowledge and expertise are priceless! We only wish that we had started working with them earlier."

Scott Schabacker
Cooperative Telephone Company

Expertise That Drives Results

Since 1921, Olsen Thielen has delivered accounting, auditing, tax, and regulatory services to more than 250 telecommunications and energy utilities. As a trusted advisor, our industry specialists partner with management to navigate change and offer financial, regulatory, and strategic guidance. This expertise ensures that companies, their stockholders, and members have reliable support for achieving long-term success.
